CANTINA PRODUTTORI DEL GAVI

Category: Cantine Accoglienti
business description: We have been producers of Gavi since 1951. We manage and cultivate the largest vineyard of Gavi DOCG: more than 200 hectares distributed over 11 municipalities which are part of Terre del Gavi (a restricted area of the southern province of Alessandria, on the slopes of the Apennines which divide Piedmont from Liguria). Our 80 members work side by side, striving every day to make the most of the territory, joined by the knowledge of cultivating a unique land and producing the best white wine of Piedmont.

In the vineyard, we work on the details. We select the best-suited plots and sub-zones, program targeted and personalized interventions to maximize the value of each area.

In the cellar, we underline the differences. Analysis and classification of the grapes: separate vinifications; tailored refinements; controlled management of the temperatures. Our wines are the most comprehensive and variegated range of Gavi and Gavi Docg del Comune di Gavi on the market and they take the richness of the soils, micro-climate and different positions directly into the bottles.

The wines: Gavi DOGC, Sparkling wine (Charmat Method), Semi-sparkling white wine, Barbera d'Asti DOCG, Dolcetto di Ovada DOGC, Barbera del Monferrato DOCG.

Come and visit our winery to taste the wine and take a tour of our production facilities. The store is an ever-open door on the hills of Gavi and Piedmontese wine.
