Category: Farmhouse holiday Agencies
business description: La Battignana is a stone and brick farmhouse built in 1789, renovated in the 1990s with passion and attention to detail, preserving the original architectural structure. On a hill side, bathed in light and immersed in greenery, it is a short distance from San Sebastiano Curone.
The cozy and informal ambiance offers moments of relaxation in contact with nature and in summer our swimming pool and the cool evenings of the Curone Valley are ideal for those tired of the city heat. La Battignana is an excellent base for walking or cycling trips, to discover the historical and cultural attractions of the area, but also to shop at the Designer Outlet of Serravalle Scrivia.
Cascina Battignana avails of two large dining rooms, and a rustic and cozy veranda.
