Castello di Trisobbio

Category: Castles, Fortresses
business description: Trisobbio Castle has dominated the Southern Monferrato hills since the early 13th century. The ancient splendour of the walls, as opposed to the design features conceived to alter the original appearance, bring together feelings of past and present.
The landscape contributes to moments of quiet and intimacy. In each part of the Castle, the visitor can admire the Pennine Alps including Monviso and Monte Rosa and the colours and the fragrances of the hills assure calmness.
Ideal for spending important moments of life planning wedding receptions, overnight accommodation in fairytale suites or romantic dinners that include excellent local wines.
The castle is easy to reach, as it is just a few kilometres from the motorway tollbooth of Ovada and Alessandria Sud.

The Castle participates in the Castelli Aperti event with the climb to the Tower.
Openings 2022: every weekend and public holidays from 14 to 18. Booking required for other days and times.
