Located in the Monferrato hills between Casale and Alessandria, TENUTA SAN SEBASTIANO is located in the municipality of Lu Monferrato. Nestled among these gentle, sunny hills is the estate with 8 hectares of vineyards. The grape varieties are the classics of the area: Barbera, Grignolino, Cortese, and Moscato Bianco. A long family tradition in viticulture has fostered a precise and rigorous commitment to achieving the highest levels of quality. To achieve this goal, all efforts have been directed towards rational vineyard development, grape optimization, and the introduction of modern winemaking technology to achieve the best results while respecting the terroir and the winemaking culture of Monferrato.
