Golf Club Colline dei Gavi

Category: Golf
business description:

The first three executive holes were built in 1991 upon the initiative of several friends. The works for the completion of the course were successfully completed in 1998 to the design of Luigi Rota Caremoli. The course develops over 110 hectares of fields, woods and paths in which nothing has been invented: it is totally natural and man has been able to add little. The holes of the course, of an elevated technical level, follow the pre-existing development, exploiting the gentle ups and downs and the morphology of the ground. Useful Info: Courses: 18 championship holes: 6380m, Par 73 (Slope 136, CR 73.2 men, 75.4 women); 18 footgolf holes: 2230m, Par 72; 9 executive holes: 1895m, Par 31 (Slope 111, CR 61.3 men; Slope 110, CR 62.5 women). Clubhouse and related services: rental of equipment and golf cart. Teachers available for lessons. Restaurant, pro-shop. Open from February to December, closed Tuesday

phone: +39 (0143) 342.264
Specifications for the plant: 18 holes for challenge; par 73 - executive holes 9 - par 31 - m. 1895
