I Castagnoni

Category: Wellness centers
business description: The modern SPA now stands close to where the ancient agricultural portico stood, offering guests of the resort all the essential services: Finnish sauna, hammam, emotional showers, water massage pool, relaxation area, herbal tea area, massage rooms, and treatments by the Hikari centre.

The SPA is available on reservation, for guests of the resort and for anyone who wishes to spend a little time taking care of self. It is possible to organise private events with exclusive use of the SPA.

It is recommended to check, in advance, the methods of access, use and any need to book areas and wellbeing and wellness services.
