LA MUNFRINA

Category: Bakery
business description:

This is an intelligent proposal: a bakery that bakes the Monferrine of yesteryear, the big and fragrant ones, seven days a week. Sabrina, the owner, is a young woman with very clear ideas. Bakery, fresh pastries, savoury snacks and general foods and open until 9pm. How convenient! There is also the possibility to take away freshly baked pizza from Wednesday to Sunday. What more could you ask for?
