RISTORANTE ARIOTTO VILLAGE

Category: Restaurants and taverns
business description: Hotel Ariotto Village is located just a few minutes from Casale Monferrato, nestled among rolling hills streaked with vineyards.

Enjoy total relaxation in a haven of silence and nature, pampered by the genuine hospitality of the family staff and the highest quality services.

Our rooms are comfortable, spacious and equipped with efficient services, and exude authentic hospitality. The furniture in wood, light or dark, naturally complement brocade fabrics and contemporary details, while the generous light of the countryside gives personality to every corner. Our apartments are ideal for middle-long term stays, for pleasure or for business - without compromise.

Ristorante Ariotto welcomes you in an intimate and delightful atmosphere, in large spaces furnished with a classical touch. In winter, you can sit inside the inner dining room, while in summer in the charming dining area with exposed beams and large windows. From here, on one side, you can admire the lush garden of the residence, on the other the harmony of the Monferrato hills.
