Ristorante Montecarlo

Category: Restaurants and taverns
business description: Where are you going?" ....to Montecarlo!". Husbands gave this ironic answer to their wives in the evenings when, questioned after dinner, it was clear they were going out to reach the only meeting place in the area. Here, between one card game and the next, a glass of wine and a few words with friends, the evening passed. This is the origin of the name of this good restaurant in the countryside of Tortona, even if photos and objects of the motoring world are on the walls and among the furnishings.
In a modern and charming environment, the cuisine is local.
Dishes of an age-old tradition, that of Tortona, able to fill not only the stomach but also the heart. A tradition carried forward from year to year to give life to a continuation of culinary emotions.
