VILLA REMOTTI

Category: Cantine
business description: Villa Remotti is an artisanal, specialized producer of Barbera d'Asti. Their philosophy is simple: only the best vineyard practices, and the outmost attention to detail in winemaking, will yield wines with unique character and flavor profile. In the following years the planting of Chardonnay grapes allowed the birth of the Sha'ar (Chardonnay in purity), a fragrant wine, with notes of apples, as well as two classic method sparkling wines, White and Rosé. Not least the Moscato, with a delicate sweetness and flowery notes.
